

ENVIRONMENTAL POLICY

The Directors of Out of Eden recognise their responsibility to manage the environmental impact of their activities, products and services. In order to promote good environmental practices throughout the Company, the policy with regard to the environment is as follows:-

1. To identify any effect of its activities on the environment.
2. To comply with relevant environmental legislation and regulation.
3. To minimise the inputs of utilities and resources and the outputs of emissions to the atmosphere, and wastes to disposal facilities; endeavouring to re-use, recover or recycle materials where possible.
4. To ensure that environmental responsibilities are understood at all levels within the Company and provide appropriate training where needed.
5. Where possible to ensure that suppliers understand the Company policy and assist them in developing responsible behaviour with regard to the environment.
6. To strive for continual improvement in environmental performance.
